

**ADDRESS OF HON'BLE MR. JUSTICE PANKAJ MITHAL,
CHAIRMAN, INFRASTRUCTURE COMMITTEE OF
SUBORDINATE JUDICIARY ON THE OCCASION OF E-
INAUGURATION OF TWO COURTROOM BUILDING
WITH ADMINISTRATIVE BLOCK AT OUTLYING COURT,
KUNDA, PRATAPGARH AND TRANSIT HOSTEL,
PRATAPGARH ON 22.10.2020**

Hon'ble the Chief Justice,

My brother Justice Yashwant Varma,

Registrar General,

District Judge, Pratapgarh

and other Judicial Officers present

I am happy to be part this inaugural programme of two Courtroom building with Administrative Block at Outlying Court, Kunda and Transit Hostel at Pratapgarh.

Judicial Officers discharge onerous duty of adjudicating disputes of the litigants for which they require atmosphere of immense serenity and calmness free from all unnecessary troubles. Therefore, it is a bounden duty of the State to provide basic infrastructure facility to all of them so that they are

able to concentrate more on their work. Proper infrastructure of Court building and their stay etc. are essential for enhancing their working capacity.

The High Court as the overall supervising authority of Subordinate Courts is taking keen initiative to improve the infrastructure for the Lower Court and this inauguration is a step in the aforesaid direction.

The construction of two Courtroom building in an outlying Court, to my mind, is not sufficient. We should plan constructions of Courtrooms, keeping in mind the expansion for atleast 25-50 years, therefore, a plan should be drawn for the construction of atleast eight Courtroom building in each outlying area in all districts.

I hope and trust that with the construction of two Courtrooms and the Administrative Block at Kunda and the Transit Hostel at Pratapgarh would go a long way in serving the present need of the Subordinate Judiciary.

I thank Hon'ble the Chief Justice and the Administrative Judge for their valuable initiative in getting the above project completed.

Thank you.
